Energy Conservation Awareness Drive

The Centre for Environmental Enrichment and Sustainability (CEES) is organizing an Energy Conservation Awareness Drive on 16 December 2025 in the Main Block of the campus.

The programme aims to promote responsible and sustainable energy usage among students. As part of the initiative, student volunteers will visit various classrooms to deliver brief awareness messages on the importance of conserving energy. The drive will emphasize simple yet impactful daily practices such as switching off lights and fans when not in use and minimizing unnecessary power consumption.

Students and faculty members will also take an Energy Conservation Pledge, reaffirming their commitment to adopting energy-efficient habits in both academic and personal spheres. A practical energy audit will be conducted during the drive to reinforce responsible energy practices across the campus.

All students are encouraged to actively participate and support this initiative in our collective effort towards environmental protection and sustainability.

CIRCULAR

FOR STAFF OF SCIENCE PROGRAMMES

In our efforts to reduce the consumption of energy, we urge you to get quotations for star rated equipment whenever you plan to purchase and opt for energy efficient equipment when you purchase. Kindly carry out the annual maintenance of instruments and equipment and report for any fluctuations in energy in the laboratories so that it could be rectified. Let us work together to save energy.
