### **CH NEWS, BENGALURU**

The Department of Media Studies, School of Humanities and Social Sciences at Kristu Jayanti (Deemed-to-be University) organised the third edition of Mādhyam Samvedhan – Interactive Media Leadership Series, featuring renowned film editor Lawrence Kishore, who shared professional insights on film editing, creativity, and media leadership with students on Tuesday.

Addressing the gathering, Lawrence Kishore reflected on his journey into film editing and the gradual process of establishing himself in the industry. He emphasised that patience and precision are central to the craft of editing, describing it as a meticulous process that demands sustained focus and attention to detail. He noted that every frame plays a vital role in shaping the narrative, and an editor's responsibility lies in presenting the story with clarity and coherence.

An interactive question-and-answer session followed, during which students engaged with the speaker on topics such as creative blocks, collaboration with directors, emerging editing technologies, and the role of creativity in post-production. Responding to the queries, Lawrence Kishore encouraged students to remain observant, practise consistently, and continuously refine their technical and storytelling skills. He stressed the importance of balancing creative expression with technical expertise to succeed in the field.
